NOT TO FORCE TREATY

President Harding to Leave to
Hughes and Underwood Passage
of Agreement in Senate

(By United Press)

Washington, Dec. 21.—President Harding is being urged by republican senators to approve a reservation to the four power Pacific treaty making it clear that the United States is not bound by the pact to safeguard the territorial integrity of Japan.

There were intimations today in administration circles in the senate that Harding might himself suggest that reservation when he submits the treaty and thus iron out difficulties caused by the difference of opinion with American delegates on this point.

At the White House it was indicated President Harding's present intention is not to attempt to force the pact through the senate because of his disagreement with the American delegation as to its meaning, but to leave that to Secretary Hughes and Senator Underwood.

Meanwhile Borah demanded that the treaty be rewritten so as to leave no doubt as to its meaning. There is no proper reason, he said, why the language of the treaty should be permitted to remain so ambiguous. Irreconcilable senators today predicted the four-power treaty would go down to defeat under an avalanche of adverse public opinion as the result of the Harding statement.

Ratification of the four power treaty became seriously endangered today with official disclosure of the fact that President Harding is at odds with Secretary Hughes and other armament delegates over the meaning of the pact.

Hughes and other conference delegates have agreed that the treaty includes Japan proper in the territory which the four signatories agree to safeguard.

Harding flatly disagreed with this view, holding that only island possessions of the powers are meant.

Kris Kingle continued in good spirits today even though the Daily Republican-Salvation Army Christmas fund did not enjoy the spurt that it took Tuesday when more than \$50 was contributed to help make Christmas a happy time in every Rushville home.

A total of \$27.77 was reported during the day for the fund, bringing the grand total up to \$446.07 and making certain that the amount will pass \$500, in all probability.

It will require \$500 to meet the requirements this year at the very lowest estimate of the committee in charge, and it is urgently requested that all friends of Santa Claus come forward at once and insure the success of the fund.

Three youngsters who want to make sure that no child is disappointed, helped swell the total with their contributions. The Salvation Army kettle's contribution increased and it is hoped that it will grow daily.

HOLIDAY SNOW PROMISED

First Real Cold Wave Due to Strike
Indiana Late Today

(By United Press)

Washington, Dec. 21.—Snow and cold waves for Christmas in many parts of the northeastern quarter of the United States were predicted today by the United States weather bureau.

The first real cold wave of the season is due to strike the middle Atlantic states late today. It may be followed by snow. In the region of Ohio, Indiana, and Michigan, snow which probably will last over Christmas is expected late today.

The mercury will flirt with zero tonight, according to a warning sent out this afternoon throughout the state, with at a prediction made for the coldest spell of the winter reaching here before morning. The weather report states that the temperature will range from zero to ten above, with Thursday unsettled, and warmer with probably snow.

ANDERSON PASSES
QUOTA 50 PERCENTTownship Today Reports Sales of
Christmas Seals and Bonds in
Sum of \$86.10

IS ENCOURAGING NEWS

Expected to Spur Other Township
Workers to Redouble Efforts to
Surpass Quotas

The first report from a township outside of Rushville in the Red Cross double-barred Christmas Seals campaign showed the township fifty percent over-subscribed and indicated that last year's total, amounting to seven cents per capita, would be surpassed this year.

The encouraging news was brought to Mrs. Floyd Kirklin, county chairman, by Miss Mary Stewart, Anderson township chairman, who announced the sale of \$86.10 worth of Seals and Health Bonds.

This passed all expectations so far

that county workers were spurred on

to renewed efforts with the hope of far

outstripping last year's record

which was hung up.

All townships in the county were assigned a quota of \$60, which shows that Milroy and Anderson township passed its allotment by \$26.10. The wonderful showing made in this township, it is believed, will cause other townships to redouble their last minute efforts in an attempt to come close to the precedent established by Anderson.

It is doubtful if any township outside of Rushville will reach the mark set by Anderson, but the word was broadcasted throughout the county today in the hope that other townships would catch the spirit which Anderson's showing is bound to inspire, and bring in larger returns from the campaign.

Anderson's \$86.10, together with other sales in Rushville today, made the day's total \$103.20. Sales reported up to Tuesday evening amounted to \$884.28 and the total today mounted to \$987.48, which is only \$12.52 short of \$1,000. The total last year was \$1,300 and Seals workers were pointing towards passing this mark before Christmas.

Sales reported today were as follows:

Anderson township \$86.10

American Literary Club, Bond 5.00

Mrs. Poston's class of Main Street Christian Sunday school, Bond 5.00

BICYCLE THEFTS
ARE AGAIN COMMONEpidemic Breaks Out Anew. Twenty-
Three Having Been Stolen in
The Last Three Weeks

MANY WANTONLY DAMAGED

No less than thirty-seven bicycles have been stolen here in the last three weeks, it was revealed today. The majority of them have been recovered in a damaged condition, but the police have not apprehended anyone for the thefts.

It appears that the epidemic of bicycle thievery, which was common last August, has broken out anew and the police, who have been notified about many of the robberies, are helpless to combat it. They have not made a single arrest and in the meantime the thieves go merrily about their business.

There have also been many cases of wanton destruction of bicycles. One which was left outside the Modern Appliance building Tuesday evening during the basketball game, was badly damaged, both tires and the seat being slashed with a knife. A number of the stolen wheels which have been recovered, turned up with parts missing or with parts of other wheels interchanged.

Sam Finney, bicycle dealer, who has felt the effects of the epidemic, announced today he would pay \$10 reward for the arrest and conviction of anyone guilty of stealing or damaging bicycles.

The city council held their last regular meeting of the year last night, when several matters were taken up in preparation for turning over the business to the new administration which will take office on January 2.

The contract for the Seagraves fire pumper, which was awarded at their last meeting, was confirmed last night, after Mayor Seudder had signed it and returned it here for being approved. The mayor is reported to be improving, following his treatment in a hospital in Detroit and he may be here on January second.

I. & C. EXTENSION
TALK IS RENEWEDPres. Charles L. Henry States he
Hopes Business Conditions Will
Warrant Starting of Work

DURING FORTHCOMING YEAR

Extension From Rushville by Way
of New Salem And Andersonville
Delayed by the War

Charles L. Henry of Indianapolis, president of the Indianapolis & Cincinnati Traction company, while in Washington, made the statement that he hoped business conditions would warrant the extension of the I. & C. traction line from Rushville to Cincinnati during the forthcoming year, according to a dispatch from Washington printed in the Indianapolis Star today.

Those who saw the story expressed the hope that Mr. Henry's wishes would be fulfilled because it has long been the dream of people living in the uncharted territory between here and Brookville, that the extension would be made.

The traction company was preparing to start the extension when the war upset their plans. The unsettled conditions made it impossible to raise the money required for the project and the extension had to be postponed.

Long before the war, the company had made all necessary arrangements for a right-of-way which follows what is known as the Brookville road from Rushville by way of New Salem and Andersonville to Brookville. The proposed route touches Harrison, Ohio in entering Cincinnati.

"I hope the business situation will warrant this completion of our road as originally contemplated next year, but no decision as to the time can be made now," said Mr. Henry. "However, the extension will be made just as soon as conditions justify. That much has been determined."

The Indiana-Cincinnati line was first begun in 1893 and now extends from Indianapolis to Rushville, with branch lines to Greensburg and Connersville. The original plans contemplated an extension from Connersville to Cincinnati, but it has been determined that it will be better business to have the Cincinnati extension connect at Rushville.

MRS. CLAUDE HUBER DIES

Woman Expires of Diphtheria And
Child is Ill With Disease

Ethel Eva Huber, age 27 years, wife of Claude Huber, died this morning about 8:30 o'clock at their home on the Andrew Kincaid farm, north of Clarksburg, death being caused from diphtheria, of which the deceased was ill only a few days.

Besides the husband, she leaves four children, one of whom is suffering with the disease. She was taken ill about a week ago, but the case was not diagnosed as diphtheria until last night.

Private services will be held Thursday and burial will probably take place in the Knightstown cemetery.

FRANCE MUST HAVE
U-BOATS--VIVIANI

French Delegates to Arms Conference Says Colonial Interests Make This Imperative

U. S. DELEGATES OPPOSED

American Delegation Also Will Reject Britain's Plea For Abolition of Submarines

Havre, Dec. 21—France must have submarines, Rene Viviani, French delegate to the Washington arms conference, declared upon his arrival here today aboard the French liner Paris from New York.

"Our colonial interests make it imperative that we hold undersea craft, Viviani said.

Washington, Dec. 21—The American arms delegation opposes granting France a top heavy allotment of submarines or other auxiliary craft, it also will reject Britain's plea for abolition of submarines.

Undaunted by these facts—news of which emanates from responsible American sources—the British and French were proceeding today with plans for pressing their demands on these points.

Hope of reaching a complete agreement on limitation of naval armament before Christmas now appears extremely doubtful. The only obstacles remaining are the French demand for a big allotment of auxiliary craft and the British desire

that submarines be abolished but considerable discussion on these points is expected.

The French were reported to want between 75,000 and 90,000 tons of submarines, but probably are ready to fall back on second line demands for increased auxiliary tonnage, especially in light cruisers.

The French themselves hid their intentions except to say they plan to write their own ticket, regardless of allotments made other nations.

The French allotment, under the Hughes plan, would be 31,500 tons of submarines and 157,000 tons of cruisers, flotilla leaders and destroyers and there is no disposition to alter radically either the auxiliary tonnage basis nor the submarine schedule.

The British at tomorrow's meeting of the five power disarmament committee will stage a dress rehearsal of their plea for total abolition of submarines and regardless of committee decisions will present to a plenary session next week their desire for abolition.

It developed today that Secretary Hughes and M. Sarraut were not agreed in yesterday's session as to the exact meaning of Premier Briand's message accepting the 1:75 ratio for France. Hughes contended the premier's language was clear—he accepted the ratio.

The building was discovered in flames about 4:30 this morning by Mrs. Stevens, who lives nearby, and the entire frame structure was ready to collapse. Frank Vandiver, a barber, also suffered a total loss to his equipment which was located in the same building.

He stated that the load last night at that time was the heaviest in the history of the plant, and the council had foreseen the need for additional equipment which resulted in the installation of the new boiler. The matter of low voltage will be remedied when the new boiler is placed in operation tonight, it was

stated.

The origin of the fire is unknown,

but it is believed that an old stove,

used in heating the building, might

have toppled over.

George Duffy Describes Final Meeting With British When Lloyd George Laid Down Ultimatum

(By United Press)

Dublin, Dec. 21.—The Sinn Fein peace delegates were forced by Lloyd George's "monstrous iniquity" to sign the Anglo-Irish treaty, George Gavan Duffy, a delegate who signed the pact, charged in the Irish Parliament today.

"I am not apologizing for my signature" he cried, "but I desire to tell the manner in which the treaty was extorted."

Lloyd George threatened the peace delegates with war if they did not sign, Duffy said.

"The British premier first broke with us definitely on December 4, subject to the approval of his cabinet," Duffy said.

"When we resumed discussion with him later, he said the conference really had broken four separate times so that Ireland's fate must be decided that afternoon.

Lloyd George threatened the peace messenger going to Belfast tonight. He has two messages, one saying that he treaty has been signed and the other declaring a rupture has resulted—and if there's a rupture there will be immediate war.

"The only way to avert this way is to immediately affix your signatures and as plenipotentiaries nominate to recommend its approval.

"You must decide by ten o'clock tonight."

Duffy said he did not believe the British premier was bluffing.

"That ultimatum might have been bluff, but everyone who heard it believed beyond a reasonable doubt that this time he was not bluffing."

"This treaty gives us real power—military power, economic and governmental power—the power to resist

Chesterfieldian Bandit Robs De Luxe Train and Makes Good His Escape

Chicago, Dec. 21.—The Chesterfieldian bandit who held up passengers in the observation car of the Chicago-Washington-New York De Luxe train had made good his escape today.

The highwayman, wearing a silk handkerchief as a mask and expensive dark clothes, robbed passengers of \$1,000 in cash and jewelry as the B. & O. train pulled out of Chicago last night. He pulled the bell rope, jumped over the back platform and escaped in a waiting automobile.

"Please put your hands up" he commanded politely as he entered the coach after the train had left Englewood station where marines with orders to "shoot to kill" were on duty.

"I would rather not have any trouble of any kind here."

The bandit pointed his black pistol at Herbert L. Stansbury, New Mexico, who was traveling with his wife and three daughters. He took \$105 in cash and a watch from Stansbury.

He came to Mrs. Stansbury next. "I wouldn't rob a woman," he said. Please go into the next coach with

the children, I don't want to frighten them."

M. D. Taylor, passenger agent of the B. & O. was robbed of jewelry and a small amount in cash as were several other passengers.

As he went down the line of victims, relieving each one, the bandit said with a smile, "thank you very much. I needed a little Christmas money. Next."

He had completed frisking passengers in the observation coach and then told his victims who were huddled up at the front of the coach: "It is quite possible that the conductor of this excellent train is armed. He might come back here and try to capture me. So I'll be leaving now so that none of you will be hurt. Good night."

This Chesterfieldian, new in Chicago banditry, swung over the back of the coach. He jumped into an automobile and was swallowed up in the midst of the apartment houses and hotels.

Police who have been hunting the desperado Tommy O'Connor, started out after the "dude bandit."

But the "dude" was gone.

LARGE SHORTAGE CHARGED

Grant County People and Concerns Accused by Eschbach

Indianapolis, Ind., Dec. 21.—Jesse Eschbach, head of the state board of accounts, made public a report today charging a shortage of \$14,322.21 against various persons and concerns in Grant county, offset by credits of \$3,000 representing money refunded as a result of the charge.

The report followed an examination of the offices of James H. Clifton, trustee of Center township, Grant county, who is serving a term in the Indiana state prison for embezzlement as the result of irregularities in his office.

TRACTION CAR HITS TRUCK

Two Men Seriously Injured While Driving Near Speedway Today

Indianapolis, Ind., Dec. 21.—Two men were hurt seriously today when the Ben Hur special, a fast car on the Crawfordsville division of the T. H. L. & E. traction lines, struck a truck in which they were riding near the speedway.

The interurban was torn loose from its front trucks but none of the twenty-three passengers was injured. All were badly shaken however, and two sustained minor injuries.

Warren Weaver and Glen Durham both of Indianapolis, were the men in the truck who were injured.

Airedale On Trial For Cat Slaughter

(By United Press)

San Francisco, Dec. 21—Dormie, arrogant Airedale went to trial today before a jury on a charge of cat-slaughter resulting from the death of "Sunbeam" and twelve other cats.

An alibi will be the defense.

Dormie issued long statements as the trial started, denying dommatically and categorically all of the charges against him.

Airedale fanciers have come to Dormie's rescue.

As a character witness today they brought forth Rowdy, brother of Laddie, President Harding's dog. Rowdy was the personal bodyguard of "Mary Ann" Persian cat for months, they claimed, and when "Mary Ann" died from entirely natural causes, he fasted eight days in grief.

The trial opened before a jury in Police Judge Lile T. Back's court.

ARGUMENT THURSDAY

The arguments for a motion for a new trial and for the modification of a decree as the result of the divorce suit heard here recently, of Emmogene Locke against Anthony Locke, will be heard in the circuit court Thursday afternoon at 1:15 by special judge Gates Ketchum, who granted the plaintiff a divorce and over \$3,000 alimony recently in the Rush circuit court. The parties reside in Connersville.

The Ladies Aid Society of the Pleasant Ridge M. E. church will hold an exchange Friday morning in Gise and Monk's automobile salesroom.

Party Action

The more the American people think it over the more fully and heartily they will agree with the sentiments expressed by President

Harding in his message to Congress declaring the desirability of party action in national affairs. We must have national government by majorities, and party government by majorities. The present majority in Congress was not the result of individual victories merely but the result of a party victory. The responsibility for accomplishment rests upon the party. The matter cannot be better stated than in President Harding's own language. He said:

"Granting that we are fundamentally a representative popular government, with political parties the governing agencies. I believe the political party in power should assume responsibility, determine upon policies in the conference which supplements conventions and election campaigns and then strive for achievement thru adherence to the accepted policy.

"There is vastly greater security immensely more of the national viewpoint, much larger and prompted accomplishment where our divisions are along party lines. In the broad and loftier sense, than to divide geographically, or according to pursuits, or personal following.

"For a century and a third, parties have been charged with responsibility and held to strict accounting.

When they fail, they are relieved of authority; and the system has brought us to a national eminence no less than a world example".

A bishop wants to know if we are to make a Peggy Joyee or Frances Witrord of our girls. But that shouldn't worry him. Either kind would be sure of breaking into print.

When a rich man can not find anything else fashionable enough to pay he can always fall back on alimony.

It may be more blessed to give than to receive, but some people have no scruples about taking.

Pat little feminine sympathy is wasted on old bachelors these days. The young ones absorb it all.

The Christmas spirit is a Christian spirit in which everyone should participate.

It's no wonder masculine styles in dress seldom change. We pay the bills.

High School Dope

The school Glee Club, which gave a concert at Greensburg Monday night reports that the affair was a howling success. And we thought that they were a modest bunch!

Something for the "crepe-hangers and knockers" to think about. The team has won the last four games that it has played. What a shame!

The High School band and orchestra were well represented at the Community Orchestra practice held in the Assembly Room of the Court House Sunday afternoon. Anything that helps the community always has the High School support.

We never were good at keeping secrets so we will let this one out—the team is going to give Coach Sutton and the school a victory at Friday night's game for a Christmas present.

Clouds of gloom have descended upon the school this week. The students are lamenting the fact that they will be dismissed Friday noon, and won't get to come back to the dear old place until next year. You can believe this if you want to.

Have you made your arrangements? If you haven't, see a Senior about it for a High School Senior Annual at once.

The Christmas, "shop early", ads reminds us that it is "only four more weeks, until "Juck" Stewart will be on the team.

Poor recitations and "naps" in the Assembly were the rule instead of the exception in school today. School authorities blame the Elk's Dance.

Make your arrangements now to attend the New Palestine game.

Two in Select .400 Class Figure in Less Than Twenty Games—Detroit Club Leads

Chicago, Dec. 21.—Harry Heilmann, Detroit outfielder, topped the American League in batting for 1921 according to official records announced today. He had an average of .394 in 149 games. Just five points separated the Tiger slugger and Manager Ty Cobb, who finished second with an average of .389.

Babe Ruth, aided by his 59 home runs, a new world's record, batted .378 for the season, while Sisler of St. Louis was fourth with a .371 mark. An average of .362 landed Tris Speaker of Cleveland in fifth place. These men are ranked on the basis of greatest number of games played. Danforth of Chicago and Sutherland of Detroit were the sole members of the select .400 class, but figured in less than 20 games, thereby eliminating them from consideration in the final ratings.

Detroit won club hitting honors with a .316 mark, followed by Cleveland .308; St. Louis .304; and the champion New York Yankees with an even .300.

In leading the sluggers Heilmann made 237 hits, 19 of which were homers, 14 were triples, and 43 were two baggers. Speaker made the most two base hits, 52; Shanks, Washington the most triples 19. Meusel, New York and K. R. Williams, St. Louis followed Ruth in home runs with 24 apiece.

New York batted 134 homers; St. Louis 106 triples; and Cleveland 355 two base hits.

Heavy hitting cut down base stealing. Sisler with only 35 pilfers, being the leader.

W. A. Wamborgans, Cleveland with 43, made the most sacrifice hits.

More extra base hits were made by clubs than at any other previous time. Of the 12,525 total hits, 2,140 were doubles; 604 triple and 477 home runs.

It is interesting to note that Ruth was at bat less times than most of the league leaders. He made 540 trips to the plate, but was given 144 walks. The second player in this respect was Blue, Detroit, with 103 free passes.

Fifty-five athletes hit .300 or more counting 15 as the minimum number of games played.

Nose Out Odd Fellows Tuesday Night in Hard Fought Game by Score of 29 to 23

LOCALS LEAD MANY TIMES

Put up Good Game But Visitors Appear to Have Slight Edge With Basket Shooting

The Fairview Athletic club won an exciting game here last night from the Odd Fellows, 29 to 23, coming from behind in the last few minutes of play and forging a tie at 23 points, and then leaving the locals trailing with six points.

The contest was close throughout the game, and the Odd Fellows staged a rally in the last half that put them in the lead 23 to 21 for a few minutes, but then the visitors broke loose with several good shots.

Fairview jumped into the lead early in the game and at the first ten minutes the score was 8 to 3 in their favor, but Shaw counted on a foul goal, followed by a field goal by Stoops and Martin, which tied up the score at eight.

The Odd Fellows then went in the lead when Martin repeated with a field goal, but before the half ended Fairview counted two more baskets, giving them the lead 12 to 10 at the half way mark.

The first few minutes in the last half were hotly fought but Fairview had the better of the tilt and boosted their count up to 19 before Martin counted on a basket. Shaw then gave Rushville 13 points when he threw a foul.

Shaw also made two more fouls count and Martin connected for a basket from the field, throwing new life in the game for the Odd Fellows when the score reached 19 to 17.

Hill made his team hit the twenty mark, when he made good on a foul, and Shaw also came across with a foul, and soon afterwards tied the score at 20 points on a field goal.

The Rushville team then went in the lead when Shaw converted another foul into a point, but Hill soon tied up the score again on a foul at 21 points. Then Martin caged a field basket that put the locals in the lead for a few minutes, but soon afterwards the Fairview rally began and they walked away to 29 points, keeping Rushville from scoring any more.

The Odd Fellows put up a good game, but the Fairview team appeared to have the best of the game, with faster floor work, and a more accurate eye for the basket. Peters, the tall center, counted six field goals, and Martin for Rushville had 5. Shaw figured big on foul goals, getting seven in the last half.

The contest was one of the best seen here this year, and the fans would like to see the two teams in action again.

The line-up and summary:

Odd Fellows (23) Fairview (29)
Stoops F Hill
Shaw F Essex
Martin C Peters
Titsworth G Hinchman
Norris G Royalty
Substitutions, Thorpe for Martin, Martin for Thorpe; Scales for Essex. Field goals, Hill 4, Peters 6, Hinchman, Stoops, Shaw, Martin 5. Foul goals, Hill 6, Royalty, Stoops, Shaw 8. Referee Campbell.

ODD FELLOWS THERE DEC. 29

With neither team having its full strength the Carthage Yankee Five basketball team defeated the Connersville Reserves Tuesday night on the Auditorium floor in Carthage by the one sided count of 59 to 12. Carthage led the first half 19 to 6 and pulled away in the last half.

The visitors did not arrive until after nine o'clock and most of the crowd had left before the game began. Chambers for Carthage scored 15 field goals and three fouls and Ruby netted 8 field goals. The Rushville Odd Fellows will play at Carthage on December 29.

The Carthage high school was defeated last Friday night at Arcadia, in Hamilton county by the score of 51 to 15 but on Saturday night the Carthage team defeated the Walnut

The regular meeting of the Rebekah lodge will be held Friday evening in the lodge rooms in West Second street. At this time gifts, which are not to exceed 25 cents in value, are to be exchanged. A large attendance of the membership is urged to be present.

* * *

Mr. and Mrs. W. P. Kink of near New Salem entertained with a high noon dinner party Sunday. A delicious two course dinner was served to the following guests, Clayton Dagler and Miss Margaret Zerbs of Indianapolis, Mr. and Mrs. Randall Beck of this city, Mr. and Mrs. Willard King and family and Mr. and Mrs. Lowell Norris.

* * *

Mrs. Walter E. Smith was a gracious hostess for the members of the Tri Kappa Sorority Monday evening, when she entertained with a Christmas party. A delicious two course luncheon was served to the nineteen

members present and was followed by an informal social period. The Christmas grab bag was the feature of the evening's entertainment. A short business session was held.

* * *

Miss Lavienna Compton attended a Christmas party at the Masonic Temple in Indianapolis this afternoon. The party was given by the Matinee Musical. Miss Compton, who is a student of the Herron Art Institute in Indianapolis, will return to her home in this city, following the party, to spend the Christmas holidays with her parents, Mr. and Mrs. D. C. Compton.

* * *

Irvin Schultz, who is principal of the North Vernon high school, will spend the week-end in this city, the guest of friends, and will teach his Sunday School class Sunday morning at the St. Paul's M. E. church. Every member of his class is urged to be present at this time. The an-

nual Christmas party of the class will be held next Tuesday evening at the home of Mr. and Mrs. George Wiltse in West Fifth street.

* * *

Mr. and Mrs. Edward Churchill were the dinner guests of Mr. and Mrs. Roy Waggener last evening. Following the dinner party the members of the Wi-Hub club delightfully surprised Mr. and Mrs. Churchill who were recently married, with a miscellaneous shower. The evening was pleasantly enjoyed and the club presented the honored guests with a beautiful silver tray. Dainty refreshments were served by the host and hostess.

The Pitch-In club were entertained this afternoon at the home of Miss Florine Gronier in North Main street and the members enjoyed their Christmas party. Gifts were exchanged and an informal social party were the features of the entertainment. This evening the hostess will entertain with a pitch-in supper and the guests will be Mr. and Mrs. Earl Harton, Mr. and Mrs. Harry McManus, Mr. and Mrs. Walter Ray Mr. and Mrs. Elmer Darnell, Mr. and Mrs. Verle Beabout, Mr. and Mrs. Tom Bradley, the Misses Florene Gronier, Zora Carney, Edith Brown and Oscar Newhouse.

* * *

The new club rooms of the Elks lodge were formally opened with the most brilliant social function of the season, Tuesday evening, when one hundred and fifty couples were entertained at dancing. Music was provided by a six-piece orchestra and singer from Franklin college.

Many compliments were paid the club by the guests for the improvement which has been made. The decorations and the appointments in the dining room, ladies rooms and ball floor were the source of much praise.

During the evening refreshments were served in the dining room on the second floor of the new addition.

Many guests of the lodge living both in and outside of Rush County, were present for the opening, including the Misses Martha Miller and Pauline Feltz of Connersville, Miss Mary Louise Bliss of Los Angeles, California, Mrs. J. Gould Drum of Miles City, Mont., Alex Levenstein of Greensburg, Russell Bell of Howe military academy, Dwight VanOsdol, who has been with a group of entertainers on the lyceum platform this winter, and a number of others from a distance.

The other dances and card parties to be given during the winter will be exclusively for Elks and their families, invitations being issued to Rush county people for the first function only to give them an opportunity to inspect the new club rooms.

VALUES

Of lands and goods are like the shifting sands and should not constitute all of the assets of any person, but should be protected by a Bank Account at all times. When values shrink, a good Bank Account will fill the gap and safeguard your business or property.

YOUR DOLLARS

In a good Bank never shrink and Bank Savings accumulated the past few years have even increased in value, measured in purchasing power, more than 50 per cent, beside being available at all times when judgment dictates.

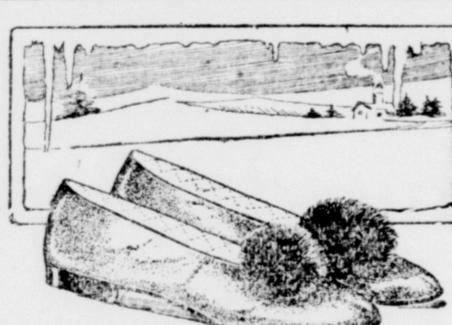

GOOD JUDGMENT

FIRE DAMAGES RESIDENCE

Loss to James Cohee's Home is Estimated at \$50

Fire did damage estimated at \$50 at the residence of James Cohee, 526 North Sexton street, Tuesday afternoon about five o'clock, when a clothes rack fell over on a stove, destroying clothes, bed clothing and another suit of clothes. The fire department was called, but the fire was quickly subdued with several buckets of water, only after the damage had resulted to the garments.

The members of the family were at home at the time, or the fire would probably have gained considerable headway. The alarm was telephoned into fire headquarters.

AN OASIS SEEN IN THE PROHIBITION DESERT

Friends of Liberal Interpretation of Volstead Law Encouraged by Mellon's Attitude

FAVORS BEER, LIGHT WINES

Believes Revenue Could be Met in This Way to Pay Bonus For Former Soldiers

By JAMES T. KOLBER

(By United Press) Washington, Dec. 21—An "oasis" the drys call it a mirage—was making itself visible in the prohibition desert today.

Friends of a liberal interpretation of the prohibition act were encouraged by the statement of Secretary Mellon that he favored an amendment to the Volstead act which would permit the sale of light wines and beer as a means of meeting soldier bonus demands.

Mellon stated that he had a letter from Chairman Fordney of the House ways and means committee asking the amount of revenue a high tax on the free and unrestricted sale of light wines and beer would yield. The treasury actuary is now working on the figure. A preliminary estimate places the sum at approximately \$500,000,000 which would meet some of the bonus demands.

Fordney refused to comment on Mellon's statement. Mellon, however, stated that certain congressman want the administration to come out strongly in favor of a proposal to pay the war veterans a bonus out of revenues derived from a high tax on light wines and beer. Mellon made it clear that he will not oppose such an amendment to the Volstead act.

Many so-called dry congressmen who are ardent soldier bonus advocates could be weaned from the dry fold, liberal followers hold.

Legal experts are now at work on a new set of prohibition rules and regulations designed to lift the restrictions on doctors hospitals, druggists and medical societies.

FIGHT ON QUADRUPLE PACT IS ORGANIZED

Democratic and Republican Foes of Agreement Preparing to Make Fight in Congress

ORGANIZING THE STATES

Washington, Dec. 21—Organization of a nation-wide fight against the four power Pacific treaty is under way by both the Democratic and Republican foes of the pact.

These steps are being taken to perfect an organization even more effective than which in practically every state lent aid to the irreconcilable Senators in their battle against the Versailles pact:

1—Anti-Japanese sentiment on the Pacific coast is being made the nucleus for anti-treaty organization there.

2—A woman organizer has been engaged to organize women's clubs in the middle west and northwest against the treaty.

3—Comprehensive plans for forming anti-treaty clubs and holding anti-treaty mass meetings are being sent everywhere where indications show anti-treaty sentiment.

4—Democratic political units are being urged to sight the treaty on the theory that if the Republicans could sweep the nation by 7,000,000 on an anti-league platform, the Democrats ought to be able to sweep it in the congressional election by opposing something they hold the country will find more obnoxious than the League.

Bright Spots in News

Chicago—Miss Stella Donahue didn't utter a peep when a bandit took two rings from her but when the bold man tried to steal a kiss Stella yelled so loud that the whole neighborhood flocked to the scene.

Wall Street New York—Bank messengers who carry millions in securities are donning armor. Hereafter they travel in tanks with loop holes for gun play.

St. Louis—W. H. Lee told a patrolman who found a "likker" on him, that he was a dry agent. The officer asked Lee to show his credentials. He failed to produce any. Volstead law violated again.

COMMUNITY HALLS ARE BECOMING WIDESPREAD

Agitation for Community Centers Bring Out Projects in Several Northern Indiana Towns

PUBLIC SUBSCRIPTION IDEA

(By United Press)
Goshen, Ind., Dec. 20.—The community building idea, particularly with a view of providing a place for athletic contests during the winter months, is spreading over northern Indiana.

At Warsaw a stock company has been formed, nearly \$5,000 already has been raised, with the goal \$115,000 more and construction work has begun on such a building on property owned by the city. The building will be used for basketball, indoor baseball, public gatherings and possibly as a drill hall for a state militia company recently formed here.

At Mentone, where funds were contributed by business and professional men, a building has been leased and remodeled for a community hall.

New Paris residents have contributed \$1200 and it is hoped to raise a total of \$1500 for a community building. Ground already is being cleared for the structure.

All makes of disc records are played perfectly by Sonora.

All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate, jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

A NEW TAX FREE INVESTMENT

The New Revenue Bill just passed by the Congress provides:

"The following item shall be exempt from taxation: So much of the amount received by an individual after December 31st, 1921, and before January 1st, 1927, as dividends and interest from domestic building and loan associations operated exclusively for the purpose of making loans to members as does not exceed \$300.00."

The Government is trying to help the housing situation, which is acute all over the country and in Rushville as well, by making dividends or interest exempt from the normal tax. This provision has never existed in any of the previous bills. You had better drop in our office and inquire further in this connection. Prohibition Gets Blame For
Poor Yuletide Turkey Business

Public Consumes About One Half as
Many Fowls During One Half of
One Percent Holidays of Present,
as in Old Damp Days, When Sa-
loons Put Many on The Market,
Says Commission Experts. Days
of Spining the Wheel For Turkeys
Also Are Passed

Chicago, Dec. 21—Prohibition has put a serious crimp in the yuletide turkey business, commission merchants wailed today.

The public consumes only about half as many fowls during the one half of one percent holidays of present as it did in the damp Christmas seasons of yore.

Back in the days of the corner saloon, in some circles a man was not considered a good citizen if he didn't cart several turkeys geese or ducks home to the 'lil missus'.

That was when barnyard melodies were mingled with the welcome words "bottoms up; have another, boys" and when numbered paddles

were passed out at ten cents a copy. The wheel was spun. The winner picked out his bird and—bought more paddles and won more birds.

"Tough saloons for tender birds" was the motto then.

William K. Henderson, veteran commission merchant, attests that business is poor these days.

"We used to back up at the family entrance" of a saloon and dispose of our whole supply", said Henderson. "Now we have to sit around on market and wait for customers to buy 'em, one by one and little ones at that."

"Back in the saloon days, many a man was 'poured' into his kitchen with a flock of geese and turkeys—enough to last several weeks or a fair start in the poultry business".

Chicago—"We don't like this joint" shouted three men who visited Wind Blew Inn, Chicago edition of Greenwich Village. They threw books of free verse, dishes, and cubist drawings out into the street and left.

That was when barnyard melodies were mingled with the welcome words "bottoms up; have another, boys" and when numbered paddles

GROH DEAL LACKS
FAVOR WITH FANS

New York Baseball Followers Think
McGraw Made Mistake in Switching
Players for Groh

BURNS WAS WELL LIKED
Giants Lost Good Man in Deal And
Rawlings Will Have a Bench Job
During Next Season

By HENRY L. FARREL
(U. P. Staff Correspondent)

New York, Dec. 21—John McGraw did not buy the 1921 National League pennant for the New York Giants when he turned over \$150,000 in cash and players for Heinie Groh.

Wise baseball men, including nearly every major league manager, doubt that it was a good deal for the Giants, while agreeing that it was a smart move by Garry Herrmann.

Today the Giants do not look as good for the pennant as they did this time last fall, when most of the critics picked them to be the 1921 champions.

Groh will not strengthen the team where it needs strength and he was acquired at the cost of George Burns, whose departure was bitterly resented and criticized by the New York fans.

The Giants have Groh and Frisch must move over to second base, a shift that forces Johnny Rawlings to the bench. After watching the brilliant work of little Rawlings in the world's series and during the pennant race, it is doubtful if the Giant infield will be any stronger. Frisch can play third base just as good as Groh and the Fordham Flash cannot be a whole lot better than Rawlings at second.

McGraw will have to depend upon Bill Cunningham, Ed Brown and Shinners, a rookie, to take the place of Burns in centerfield. And that is going to be some job to ask of anyone! Burns is getting on and all that but he could grab in a lot of flies on crutches because he has the instinct of a speaker in knowing where to camp for them.

McGraw could use a good pitcher to more advantage than a star third baseman. If he has enough watchmen to keep with him, Phil Douglas may have another good year. Toney is an uncertain quantity and Jess Barnes isn't a sure bet. Neff seems to be jinxed with the team and Bill Ryan is only a youngster.

Groh hasn't more than three or four seasons ahead of him and he has a peculiar disposition that isn't conducive to morale on a club. Since he finds himself the highest priced player in baseball, even the iron-hand of McGraw may have a task in keeping him down.

The Giants stand today with an uncertain outfield instead of one of the best in baseball before it was broken up. The club has a wonderful infield, just a few points better than last years, however, and with the same batteries that went through the last season.

The purchase of Groh may be branded as buying the pennant, but New Yorkers are not looking on it as anything but a doubtful and dangerous experiment for McGraw.

NOTICE
TO ROAD CONTRACTORS

State of Indiana, Rush county, ss: Notice is hereby given that the board of commissioners of said county, at their office in the court house at Rushville, Indiana, will receive sealed proposals for the improvement of a certain highway 10570 feet in length, in said county by grading, draining and paving with macadam as set out in the specifications, plans and profile now on file in the office of the auditor of said county, by and under the laws of the State of Indiana. Said sealed proposals will be opened and the contract awarded for said improvement on the 10th day of January, 1922.

Bids will be received up to 2 o'clock P. M. on said date.

The said road to be improved is located in Anderson township, in Rush county, Indiana, and is to be known as the J. D. Farlow et al. road when so improved.

Bids will be for the completion of the said improvement in accordance with the plans, profile and specifications in the office of the auditor of said county, and shall include all labor or material for said work. In no case will extra compensation be allowed for any additional work alleged to have been done by the contractor or contractors to whom is awarded the contract.

Each bid shall be accompanied by a personal or surety bond in a sum equal to double the amount of the bid filed for the work bid on, to be approved by the board of commissioners of said county. Said bond shall be conditioned for the faithful performance of the work; the sureties, of personal, shall be resident freeholders of the State of Indiana, one of whom shall be a resident of Rush county.

Said bond shall be for the benefit of any person, persons or corporation who shall suffer any loss or damage by reason of any such bidder failing or neglecting to enter into a contract to perform such work awarded by the said board of commissioners or to carry out the same in any particular or to pay for any labor or material which may have been furnished to any such contractor or contractors or to any sub-contractor, agent or superintendent under him, in the construction of said work.

Said improvement will be let as a whole to the lowest responsible bidder upon affidavit of noncollusion, which must be submitted with the bid, and upon failure to submit such affidavit such proposal or bid will be rejected by the board; and the board reserves the right to reject any and all bids.

Time for the completion of said work will be agreed upon after the letting of said contract by said board of commissioners and successful bidder.

Given by order of the Board of Commissioners of said County.

AMUSEMENTS

"Marooned Hearts"—Princess

A new star makes his stellar debut in "Marooned Hearts", the new National Picture which will be shown today and Thursday at the Princess.

Mr. Tearle appears in a most sympathetic role, that of Paul Carrington, a young doctor, whose entire career, it appears, is to be sacrificed to satisfy a capricious woman's whim. Mr. Tearle does not make his Paul Carrington a moonstruck and over-despondent weakling, but portrays him as a strong man who has been sadly hurt and who in an effort to forget, takes the best and noblest course—namely, by plunging himself into hard work that will be of lasting benefit to humanity.

"The woman in the case" is ably depicted by Zena Keefe, and to this capable young actress must go honors almost equal to the star's. While the action of the story calls for the two to meet again on the South Sea island, this situation is developed and handled in a manner so refreshingly new as to make it most interesting. The production as a whole has been elaborately staged and without apparent regard to expense.

Shirley Mason at the Mystic

Shirley Mason, a well known liked motion picture actress by movie fans in Rushville, will be seen to night at the Mystic in the Fox Production, "Ever Since Eve".

The story, by Joseph Ernest Peat, is clever in conception and execution; the star never has been seen here to greater advantage, and the picture is staged with skill and fine taste.

"Ever Since Eve," adapted from "Concerning Chichine"—the title used for magazine publication—deals with the adoption, by a wealthy American artist, of an orphan girl befriended by his aunt being educated at a school in Paris. With her graduation and journey to the United States the live action of the story begins, revolving about romantic incidents and frequent appearance on the scene of a "mysterious stranger". The interest aroused by this stranger—who figures negatively rather than positively in the story's progress—is successfully maintained to the final climax, when all mystery is dispelled through the medium of a situation at once dramatic and amusing.

This picture is fine entertainment and Miss Mason is supported by a company of marked excellence.

"The Midnight Rounders"

Theater-goers of this community are assured a worth while visit to Indianapolis next week if they are contemplating an afternoon or evening.

ing at the theatre. Beginning with special matinee Monday, the 26th at 2:30, the Shubert-Murat will offer one of the most momentous events of the present season as its Christmas week attraction. This will be the visit of Mr. Eddie Cantor, foremost of America's singing, black and white face comedians who appears at the head of a stupendous and gorgeous musical revue called the "Midnight Rounders".

Mr. Cantor and a star cast of over a hundred people has been appearing in "The Midnight Rounders" for the last year, it having been originally produced with great success at the famous Century Theatre in New York City. For many weeks it packed this huge playhouse to the doors, eventually repeating its New York triumph in Philadelphia, Boston and Chicago. From the last named city it comes almost direct to Indianapolis with cast and production intact.

"The Midnight Rounders" is in two colossal acts and 28 gorgeous scenes. Harold Attaridge writer of the majority of the big New York winter Garden productions is author of the book. The lyrics are by Al Bryan and the music by Jean Schwartz. It was staged by Lew Morton, the dances being arranged by Jack Mason, and the entire production being made under the personal supervision of Mr. J. J. Shubert, himself.

Eddie Cantor, the star, is probably one of the most popular and greatly admired of all the black faced comedians in this country. For several years he was a featured star with the "Ziegfeld Follies", later was with George White's Scandals and other similar attractions. He is noted for the way he sings serious and comic songs, possessing a wonderfully sympathetic voice and a personality all his own. He is one of the most vivacious and "peppy" little fellows on the stage today and has thousands of admirers all over the country. For the first time in his career Mr. Cantor will appear in both white and black face, and in the latter he is said to have proven just as entertaining and amusing as in the former. He will sing 15 or more song numbers during the course of the show. Mr. Cantor is assisted by Nan Halperin, Harry Kelley, Lew Hearn, Joe Opp and many other noted stars and a beauty chorus of 50 or more girls in "The Midnight Rounders".

RESERVATION TO

NOT TO FORCE TREATY

President Harding to Leave to
Hughes and Underwood Passage
of Agreement in Senate

(By United Press)

Washington, Dec. 21.—President Harding is being urged by republican senators to approve a reservation to the four power Pacific treaty making it clear that the United States is not bound by the pact to safeguard the territorial integrity of Japan.

There were intimations today in administration circles in the senate that Harding might himself suggest that reservation when he submits the treaty and thus iron out difficulties caused by the difference of opinion with American delegates on this point.

At the White House it was indicated President Harding's present intention is not to attempt to force the pact through the senate because of his disagreement with the American delegation as to its meaning, but to leave that to Secretary Hughes and Senator Underwood.

Meanwhile Borah demanded that the treaty be rewritten so as to leave no doubt as to its meaning. There is no proper reason, he said, why the language of the treaty should be permitted to remain so obnoxious. Irreconcilable senators today predicted the four-power treaty would go down to defeat under an avalanche of adverse public opinion as the result of the Harding statement.

Ratification of the four power treaty became seriously endangered today with official disclosure of the fact that President Harding is at odds with Secretary Hughes and other armament delegates over the meaning of the pact.

Hughes and other conference delegates have agreed that the treaty includes Japan proper in the territory which the four signatories agree to safeguard.

Harding flatly disagreed with this view, holding that only island possessions of the powers are meant.

Kris Kingle continued in good spirits today even though the Daily Republican-Salvation Army Christmas fund did not enjoy the spurt that it took Tuesday when more than \$50 was contributed to help make Christmas a happy time in every Rushville home.

A total of \$27.77 was reported during the day for the fund, bringing the grand total up to \$446.07 and making certain that the amount will pass \$500, in all probability.

It will require \$500 to meet the requirements this year at the very lowest estimate of the committee in charge, and it is urgently requested that all friends of Santa Claus come forward at once and insure the success of the fund.

Three youngsters who want to make sure that no child is disappointed, helped swell the total with their contributions. The Salvation Army kettle's contribution increased and it is hoped that it will grow daily.

HOLIDAY SNOW PROMISED

First Real Cold Wave Due to Strike
Indiana Late Today

(By United Press)

Washington, Dec. 21.—Snow and cold waves for Christmas in many parts of the northeastern quarter of the United States were predicted today by the United States weather bureau.

The first real cold wave of the season is due to strike the middle Atlantic states late today. It may be followed by snow. In the region of Ohio, Indiana, and Michigan, snow which probably will last over Christmas is expected late today.

The mercury will flirt with zero tonight, according to a warning sent out this afternoon throughout the state, with at a prediction made for the coldest spell of the winter reaching here before morning. The weather report states that the temperature will range from zero to ten above, with Thursday unsettled, and warmer with probably snow.

ANDERSON PASSES
QUOTA 50 PERCENTTownship Today Reports Sales of
Christmas Seals and Bonds in
Sum of \$86.10

IS. ENCOURAGING NEWS

Expected to Spur Other Township
Workers to Redouble Efforts to
Surpass Quotas

The first report from a township outside of Rushville in the Red Cross double-barred Christmas Seals campaign showed the township fifty percent over-subscribed and indicated that last year's total, amounting to seven cents per capita, would be surpassed this year.

The encouraging news was brought to Mrs. Floyd Kirklin, county chairman, by Miss Mary Stewart, Anderson township chairman, who announced the sale of \$86.10 worth of Seals and Health Bonds.

This passed all expectations so far that county workers were spurred on to renewed efforts with the hope of far outstripping last year's record which was hung up.

All townships in the county were assigned a quota of \$60, which shows that Milroy and Anderson township passed its allotment by \$26.10. The wonderful showing made in this township, it is believed, will cause other townships to redouble their last minute efforts in an attempt to come close to the precedent established by Anderson.

It is doubtful if any township outside of Rushville will reach the mark set by Anderson, but the word was broadcasted throughout the county today in the hope that other townships would catch the spirit which Anderson's showing is bound to inspire, and bring in larger returns from the campaign.

Anderson's \$86.10, together with other sales in Rushville today, made the day's total \$103.20. Sales reported up to Tuesday evening amounted to \$884.28 and the total today mounted to \$987.48, which is only \$12.52 short of \$1,000. The total last year was \$1,300 and Seals workers were pointing towards passing this mark before Christmas.

BICYCLE THEFTS
ARE AGAIN COMMONEpidemic Breaks Out Anew, Twenty-Three Having Been Stolen in
The Last Three Weeks

MANY WANTONLY DAMAGED

No less than thirty-seven bicycles have been stolen here in the last three weeks, it was revealed today. The majority of them have been recovered in a damaged condition, but the police have not apprehended anyone for the thefts.

It appears that the epidemic of bicycle thievery, which was common last August, has broken out anew and the police, who have been notified about many of the robberies, are helpless to combat it. They have not made a single arrest and in the meantime the thieves go merrily about their business.

There have also been many cases of wanton destruction of bicycles. One which was left outside the Modern Appliance building Tuesday evening during the basketball game, was badly damaged, both tires and the seat being slashed with a knife. A number of the stolen wheels which have been recovered, turned up with parts missing or with parts of other wheels interchanged.

Sam Flinney, bicycle dealer, who has felt the effects of the epidemic, announced today he would pay \$10 reward for the arrest and conviction of anyone guilty of stealing or damaging bicycles.

COUNCIL IN LAST

and Preparations Made to
Repair City Building

NEW FLOOR WILL BE BUILT

New Boiler at City Plant, to be Used
For First Time Tonight, Will
Help Electric Lights

The city council held their last regular meeting of the year last night, when several matters were taken up in preparation for turning over the business to the new administration which will take office on January 2.

The contract for the Seagraves fire pumper, which was awarded at their last meeting, was confirmed last night, after Mayor Seudder had signed it and returned it here for being approved. The mayor is reported to be improving, following his treatment in a hospital in Detroit and he may be here on January second.

The matter of repairing the fire station, in order to accommodate the new fire truck, was taken up, and a committee consisting of Councilmen Abercrombie, Mauzy and Pearce, was appointed to investigate and make the improvements at once.

It will be necessary to put in a cement floor, with the proper drain and arrange to attach a hydrant so that the truck can be washed, without removing it from the station. The work will be done by the street department, and it will begin at once, before freezing temperature would make it necessary to delay the matter.

Superintendent A. T. Mahin announced last night that the new boiler had been installed and would be put into use tonight for the first time, putting all three boilers under steam. The consumption of electricity is now heavier than it ever has been, and last night about six o'clock electric light patrons could notice the weakness of the current.

He stated that the load last night at that time was the heaviest in the history of the plant, and the council had foreseen the need for additional equipment which resulted in the installation of the new boiler.

The matter of low voltage will be remedied when the new boiler is placed in operation tonight, it was stated.

The city will buy a car or two of crushed rock for the improvement of West Ninth street, near the Rey-

I. & C. EXTENSION
TALK IS RENEWEDPres. Charles L. Henry States he
Hopes Business Conditions Will
Warrant Starting of Work

DURING FORTHCOMING YEAR

Extension From Rushville by Way
of New Salem And Andersonville
Delayed by the War

Charles L. Henry of Indianapolis, president of the Indianapolis & Cincinnati Traction company, while in Washington, made the statement that he hoped business conditions would warrant the extension of the I. & C. traction line from Rushville to Cincinnati during the forthcoming year, according to a dispatch from Washington printed in the Indianapolis Star today.

Those who saw the story expressed the hope that Mr. Henry's wishes would be fulfilled because it has long been the dream of people living in the untraveled territory between here and Brookville, that the extension would be made.

The traction company was preparing to start the extension when the war upset their plans. The unsettled conditions made it impossible to raise the money required for the project and the extension had to be postponed.

Long before the war, the company had made all necessary arrangements for a right-of-way which follows what is known as the Brookville road from Rushville by way of New Salem and Andersonville to Brookville. The proposed route touches Harrison, Ohio in entering Cincinnati.

I hope the business situation will warrant this completion of our road as originally contemplated next year, but no decision as to the time can be made now, said Mr. Henry. However, the extension will be made just as soon as conditions justify. That much has been determined.

The Indiana-Cincinnati line was first begun in 1893 and now extends from Indianapolis to Rushville, with branch lines to Greensburg and Connersville. The original plans contemplated an extension from Connersville to Cincinnati, but it has been determined that it will be better business to have the Cincinnati extension connect at Rushville.

Another thing which has interfered with the extension for years

Washington, Dec. 21.—The American delegation to the Washington arms conference, declared upon his arrival here today aboard the French liner Paris from New York.

Our colonial interests make it imperative that we hold undersea craft, Viviani said.

Washington, Dec. 21.—The American arms delegation opposes granting France a top heavy allotment of submarines or other auxiliary craft, it also will reject Britain's plea for abolition of submarines.

Undaunted by these facts—news of which emanates from responsible American sources—the British and French were proceeding today with plans for pressing their demands on these points.

Hope of reaching a complete agreement on limitation of naval armament before Christmas now appears extremely doubtful. The only obstacles remaining are the French demand for a big allotment of auxiliary craft and the British desire that submarines be abolished but considerable discussion on these points is expected.

The French were reported to want between 75,000 and 90,000 tons of submarines, but probably are ready to fall back on second line demands for increased auxiliary tonnage, especially in light cruisers.

The French themselves hid their intentions except to say they plan to write their own ticket, regardless of allotments made other nations.

The French allotment, under the Hughes plan, would be 31,500 tons of submarines and 157,000 tons of cruisers, flotilla leaders and destroyers and there is no disposition to alter radically either the auxiliary tonnage basis nor the submarine schedule.

The British at tomorrow's meeting of the five power disarmament committee will stage a dress rehearsal of their plea for total abolition of submarines and regardless of committee decisions will present to a plenary session next week their desire for abolition.

It developed today that Secretary Hughes and M. Sarraut were not agreed in yesterday's session as to the exact meaning of Premier Briand's message accepting the 1.75 ratio for France. Hughes contended the premier's language was clear—he accepted the ratio.

Mr. Brooks' loss includes several pool tables, lunch counters, candy, cigars and other merchandise and his loss will amount to considerable. The building was a one story, frame structure and was owned by Jesse Murphy, also of Glenwood. The loss is only partially covered with insurance.

The origin of the fire is unknown, but it is believed that an old stove, used in heating the building, might have toppled over.

MRS. CLAUDE HUBER DIES

Woman Expires of Diphtheria And
Child is Ill With Disease

Ethel Eva Huber, age 27 years, wife of Claude Huber, died this morning about 8:30 o'clock at their home on the Andrew Kincaid farm, north of Clarksburg, death being caused from diphtheria, of which the deceased was ill only a few days.

Besides the husband, she leaves four children, one of whom is suffering with the disease. She was taken ill about a week ago, but the case was not diagnosed as diphtheria until last night.

Private services will be held Thursday and burial will probably take place in the Knightstown cemetery.

U. S. DELEGATES OPPOSED

American Delegation Also Will Reject Britain's Plea For Abolition
of Submarines

Havre, Dec. 21—France must have submarines, Rene Viviani, French delegate to the Washington arms conference, declared upon his arrival here today aboard the French liner Paris from New York.

Our colonial interests make it imperative that we hold undersea craft, Viviani said.

Washington, Dec. 21.—The American arms delegation opposes granting France a top heavy allotment of submarines or other auxiliary craft, it also will reject Britain's plea for abolition of submarines.

Undaunted by these facts—news of which emanates from responsible American sources—the British and French were proceeding today with plans for pressing their demands on these points.

The French were reported to want between 75,000 and 90,

New York Stocks

New York, Dec. 21—Specialties were the feature during the first few minutes on the New York Stock exchange today. Famous Players common made a new high on the move at 794 and Butte rock touched 333. WILLIAMS SEEKS NEW TRIAL

Muncie Attorney Demands Rehearing of Bank Robbery Case

Muncie, Ind., Dec. 21—Gene Williams, now serving a sentence in the Marion county jail following conviction ten days ago in federal court at Indianapolis for violation of the liquor law, filed a motion here in the circuit court asking a new trial on the charge of complicity in the robbery at a Gaston, Ind., hardware store for which he was convicted here last November.

Among the twenty-five reasons given for why a new trial should be granted, is the assertion that Sheriff Thomas Hyatt, Deputy Sheriff Stradling and Bailiff Richeson discussed the case with the jurors and thus influenced their verdict. It is unlikely that the court will act on the motion until following William's release from jail February 4.

3-MONTHS OLD CHILD DIES

The three-months-old daughter of Mr. and Mrs. Scott Akers, living two and one-half miles northeast of Glenwood, died yesterday following an illness of inflammation of the bowels. The funeral services were conducted today in Glenwood.

But he announced officially that he is willing to let the Hughes construction stand for official purposes.

Furthermore he announced he will not permit his difference with Hughes over the meaning of the treaty to embarrass the conference or ratification in the Senate. Indications at the White House, however, are that Harding will refrain from any active campaign to force the treaty through the Senate.

Hostile senators led by Borah declared the situation showed without argument why the treaty should be rejected. If government officials here cannot agree on its interpretation, foreign powers might reasonably be expected to entertain doubts as to what it meant, Borah pointed out.

nolds Manufacturing Company, where the street is reported to be in a serious condition, due to heavy traffic. The urgent need for the improvement caused a telephone call to be made today to the quarry, so that shipment could be made at once.

The city agreed to purchase an outfit to be used in cutting roots from the sewers, after it has proven a success here on demonstrations,

the cost for the equipment being \$230.

The root cutter has already

paid for itself, Street Commissioner Hayens told the council, when it was used this week in removing roots from the main sewer in East Sixth street, near the school building.

The root cutter comes in small length sections, with a bore on the end, and, in Sixth street 450 feet was linked up and the sewer cleaned of roots. If this equipment had not been used, the street would have been torn up, at a great expense. The cutter also has been used successfully on private sewers, Mr. Hayens stated.

Before adjournment ten city officials contributed to a floral offering which will be sent to Mayor Sennett as a remembrance during the holiday season.

The council will probably meet December 31, at noon, and make payment of all bills outstanding for the present year.

Chesterfieldian Bandit Robs De Luxe Train and Makes Good His Escape

Chicago, Dec. 21.—The Chesterfieldian bandit who held up passengers in the observation car of the Chicago-Washington-New York De Luxe train had made good his escape today.

The highwayman, wearing a silk handkerchief as a mask and expensive dark clothes, robbed passengers of \$1,000 in cash and jewelry as the B. & O. train pulled out of Chicago last night. He pulled the bell rope, jumped over the back platform and escaped in a waiting automobile.

"Please put your hands up" he commanded politely as he entered the couch after the train had left Englewood station where marines with orders to "shoot to kill" were on duty.

"I would rather not have any trouble of any kind here," he said.

The bandit pointed his black pistol at Herbert L. Stansbury, New Mexico, who was traveling with his wife and three daughters. He took \$105 in cash and a watch from Stansbury.

He came to Mrs. Stansbury next.

"I wouldn't rob a woman," he said.

Please go into the next coach with

the children, I don't want to frighten them."

M. D. Taylor, passenger agent of the B. & O. was robbed of jewelry and a small amount in cash as were several other passengers.

As he went down the line of victims, relieving each one, the bandit said with a smile, "thank you very much. I needed a little Christmas money. Next."

He had completed frisking passengers in the observation coach and then told his victims who were huddled up at the front of the coach:

"It is quite possible that the conductor of this excellent train is armed. He might come back here and try to capture me. So I'll be leaving now so that none of you will be hurt. Good night."

This Chesterfieldian, new in Chicago banditry, swung over the back of the coach. He jumped into an automobile and was swallowed up in the midst of the apartment houses and hotels.

Police who have been hunting the desperado Tommy O'Connor, started out after the "dude bandit."

But the "dude" was gone.

Foch To America

(By United Press)

Havre, France, Dec. 21.—Marshal Foch dispatched a message to the American people through the United Press on his arrival here today. The message read:

"I bring back an impression of a sympathetic welcome that I can never forget. I am most touched."

"I consider America a country of vast economic possibilities, infinite resources and immense realizations. Furthermore, Americans are guided in their movements by disinterested and noble sentiments."

"I am glad to express to them unalterable affection."

LARGE SHORTAGE CHARGED

Grant County People and Concerns Accused by Eschbach

Indianapolis, Ind., Dec. 21.—Jesse Eschbach, head of the state board of accounts, made public a report today charging a shortage of \$14,322.31 against various persons and concerns in Grant county, offset by credits of \$3,000 representing money refunded as a result of the charge.

The report followed an examination of the offices of James H. Clifford, trustee of Center township, Grant county, who is serving a term in the Indiana state prison for embezzlement as the result of irregularities in his office.

TRACTION CAR HITS TRUCK

Two Men Seriously Injured While Driving Near Speedway Today

Indianapolis, Ind., Dec. 21.—Two men were hurt seriously today when the Ben Hur special, a fast car on the Crawfordsville division of the T. H. L. & E. traction lines, struck a truck in which they were riding near the speedway.

The interurban was torn loose from its front trucks but none of the twenty-three passengers was injured. All were badly shaken however, and two sustained minor injuries.

Warren Weaver and Glen Durham both of Indianapolis, were the men in the truck who were injured.

Airedale On Trial For Cat Slaughter

(By United Press)

San Francisco, Dec. 21.—Dormie, arrogant Airedale, went to trial today before a jury on a charge of cat-slaughter resulting from the death of "Sunbeam" and twelve other cats.

An alibi will be the defense.

Dormie issued long statements as the trial started, denying dommatically and categorically all of the charges against him.

Airedale fanciers have come to Dormie's rescue.

"As a character witness today they brought forth Rowdy, brother of Laddie, President Harding's dog. Rowdy was the personal bodyguard of "Mary Ann" Persian cat for months, they claimed, and when "Mary Ann" died from entirely natural causes, he fasted eight days in grief.

The trial opened before a jury in Police Judge Lile T. Back's court.

ARGUMENT THURSDAY

The arguments for a motion for a new trial and for the modification of a decree as the result of the divorce suit heard here recently, of Emanuele Locke against Anthony Locke, will be heard in the circuit court Thursday afternoon at 1:15 by special judge Gates Ketchum, who granted the plaintiff a divorce and over \$3,000 alimony recently in the Rush circuit court. The parties reside in Connersville.

Party Action

The more the American people think it over the more fully and heartily they will agree with the sentiments expressed by President

Harding in his message to Congress declaring the desirability of party action in national affairs. We must have national government by majorities, and party government by majorities.

The present majority in Congress was not the result of individual victories merely but the result of a party victory. The responsibility for accomplishment rests upon the party. The matter cannot be better stated than in President Harding's own language. He said:

"Granting that we are fundamentally a representative popular government, with political parties the governing agencies. I believe the political party in power should assume responsibility, determine upon policies in the conference which supplements conventions and election campaigns and then strive for achievement thru adherence to the accepted policy.

"There is vastly greater security immensely more of the national viewpoint, much larger and prompted accomplishment where our divisions are along party lines. In the broad and loftier sense, than to divide geographically, or according to pursuits, or personal following.

"For a century and a third, particularly they will agree with the sentiments expressed by President

When they fail, they are relieved of authority; and the system has brought us to a national eminence no less than a world example!"

A bishop wants to know if we are to make a Peggy Joyce or Frances Wistards of our girls. But that shouldn't worry him. Either kind would be sure of breaking into print.

When a rich man can not find anything else fashionable enough to pay he can always fall back on alimony.

It may be more blessed to give than to receive, but some people have no scruples about taking.

Put little feminine sympathy as wasted on old bachelors these days. The young ones absorb it all.

The Christmas spirit is a Christian spirit in which everyone should participate.

It's no wonder masculine styles in dress seldom change. We pay the bills.

High School Dope

The school Glee Club, which gave a concert at Greensburg Monday night reports that the affair was a howling success. And we thought that they were a modest bunch!

Something for the "crepe-hangers and knockers" to think about. The team has won the last four games that it has played. What a shame!

The High School band and orchestra were well represented at the Community Orchestra practice held in the Assembly Room of the Court House Sunday afternoon. Anything that helps the community always has the High School support.

We never were good at keeping secrets so we will let this one out—the team is going to give Coach Sutton and the school a victory at Friday night's game for a Christmas present.

Clouds of gloom have descended upon the school this week. The students are lamenting the fact that they will be dismissed Friday noon, and won't get to come back to the dear old place until next year. You can believe this if you want to.

Have you made your arrangements? If you haven't, see a Senior about it for a High School Senior Annual at once.

The Christmas, "shop early", ad reminds us that it is "only four more weeks, until "Juek" Stewart will be on the team.

Poor yecciations and "naps" in the Assembly were the rule instead of the exception in school today. School authorities blame the Elk's Dance.

Make your arrangements now to attend the New Palestine game.

Detroit Outfielder Leads Major Outfit in Batting During 1921 With Average of .394

BABE RUTH AVERAGES .378

Two in Select .400 Class Figure in Less Than Twenty Games—Detroit Club Leads

Chicago, Dec. 21.—Harry Heilmann, Detroit outfielder, topped the American League in batting for 1921 according to official records announced today. He had an average of .394 in 149 games. Just five points separated the Tiger slugger and Manager Ty Cobb, who finished second with an average of .389.

Babe Ruth, aided by his 59 home runs, a new world's record, batted .378 for the season, while Sisler of St. Louis was fourth with a .371 mark. An average of .362 landed Tris Speaker of Cleveland in fifth place. These men are ranked on the basis of greatest number of games played. Danforth of Chicago and Sutherland of Detroit were the sole members of the select .400 class, but figured in less than 20 games, thereby eliminating them from consideration in the final ratings.

Detroit won club hitting honors with a .316 mark, followed by Cleveland, .308; St. Louis, .304; and the champion New York Yankees with an even .300.

In leading the sluggers Heilmann made 237 hits, 19 of which were homers, 14 were triples, and 43 were two baggers. Speaker made the most two base hits, 52; Shanks, Washington the most triples, 19; Meusel, New York and K. R. Williams, St. Louis followed Ruth in home runs with 24 apiece.

New York batted 134 homers; St. Louis 106 triples; and Cleveland 355 two base hits.

Heavy hitting cut down base stealing, Sisler with only 35 pilfers, being the leader.

W. A. Wambsganns, Cleveland with 43, made the most sacrifice hits.

More extra base hits were made by clubs than at any other previous time. Of the 12,525 total hits, 2,140 were doubles; 604 triple and 477 home runs.

It is interesting to note that Ruth was at bat less times than most of the league leaders. He made 540 trips to the plate, but was given 144 walks. The second player in this respect was Blue, Detroit, with 103 free passes.

Fifty-five athletes hit .300 or more counting 15 as the minimum number of games played.

FAIRVIEW WINS
BY SIX POINTS

Nose Out Odd Fellows Tuesday Night in Hard Fought Game by Score of 29 to 23

LOCALS LEAD MANY TIMES

Put up Good Game But Visitors Appear to Have Slight Edge With Basket Shooting

The Fairview Athletic club won an exciting game here last night from the Odd Fellows, 29 to 23, coming from behind in the last few minutes of play and forging a tie at 23 points, and then leaving the locals trailing with six points.

The contest was close throughout the game, and the Odd Fellows staged a rally in the last half that put them in the lead 23 to 21 for a few minutes, but then the visitors broke loose with several good shots.

Fairview jumped into the lead early in the game and at the first ten minutes the score was 8 to 3 in their favor, but Shaw counted on a foul goal, followed by a field goal by Stoops and Martin, which tied up the score at eight.

The Odd Fellows then went in the lead when Martin repeated with a field goal, but before the half ended Fairview counted two more baskets, giving them the lead 12 to 10 at the half way mark.

The first few minutes in the last half were hotly fought but Fairview had the better of the tilt and boosted their count up to 19 before Martin counted on a basket. Shaw then gave Rushville 13 points when he threw a foul.

Shaw also made two more fouls count and Martin connected for a basket from the field, throwing new life in the game for the Odd Fellows when the score reached 19 to 17.

Hill made his team hit the twenty mark, when he made good on a foul, and Shaw also came across with a foul, and soon afterwards tied the score at 20 points on a field goal.

The Rushville team then went in the lead when Shaw converted another foul into a point, but Hill soon tied up the score again on a foul at 21 points. Then Martin eaged a field basket that put the locals in the lead for a few minutes, but soon afterwards the Fairview rally began and they walked away to 29 points, keeping Rushville from scoring any more.

The Odd Fellows put up a good game, but the Fairview team appeared to have the best of the game, with faster floor work, and a more accurate eye for the basket. Peters, the tall center, counted six field goals, and Martin for Rushville had 5. Shaw figured big on foul goals, getting seven in the last half.

The contest was one of the best seen here this year, and the fans would like to see the two teams in action again.

The line-up and summary:

Odd Fellows (23) Fairview (29)
Stoops F Hill
Shaw F Essex
Martin C Peters
Titsworth G Hinchman
Norris G Royalty

Substitutions, Thorpe for Martin, Martin for Thorpe; Scales for Essex. Field goals, Hill 4, Peters 6, Hinchman, Stoops, Shaw, Martin 5. Foul goals, Hill 6, Royalty, Stoops, Shaw 8. Referee Campbell.

The regular meeting of the Rebekah lodge will be held Friday evening in the lodge rooms in West Second street. At this time gifts, which are not to exceed 25 cents in value, are to be exchanged. A short business session was held.

Miss Lavienna Compton attended a Christmas party at the Masonic Temple in Indianapolis this afternoon. The party was given by the Matinee Musical. Miss Compton, who is a student of the Herron Art Institute in Indianapolis, will return to her home in this city, following the party, to spend the Christmas holidays with her parents, Mr. and Mrs. D. C. Compton.

Mr. and Mrs. W. P. Kink of near New Salem entertained with a high noon dinner party Sunday. A delicious two course dinner was served to the following guests, Clayton Dagler and Miss Margaret Zerbs of Indianapolis, Mr. and Mrs. Randall Beck of this city, Mr. and Mrs. Willard King and family and Mr. and Mrs. Lowell Norris.

Mrs. Walter E. Smith was a gracious hostess for the members of the Tri Kappa Sorority Monday evening, when she entertained with a Christmas party. A delicious two course luncheon was served to the nineteen

annual Christmas party of the class will be held next Tuesday evening at the home of Mr. and Mrs. George Wiltse in West Fifth street.

Mr. and Mrs. Edward Churchill were the dinner guests of Mr. and Mrs. Roy Waggener last evening. Following the dinner party the members of the Wi-Hub club delightfully surprised Mr. and Mrs. Churchill who were recently married, with a miscellaneous shower. The evening was pleasantly enjoyed and the club presented the honored guests with a beautiful silver tray. Dainty refreshments were served by the host and hostess.

The Pitch-In club were entertained this afternoon at the home of Miss Florine Gronier in North Main street and the members enjoyed their Christmas party. Gifts were exchanged and an informal social party were the features of the entertainment. This evening the hostess will entertain with a pitch-in supper and the guests will be Mr. and Mrs. Earl Harton, Mr. and Mrs. Harry McManus, Mr. and Mrs. Walter Ray Mr. and Mrs. Elmer Darnell, Mr. and Mrs. Verle Bebont, Mr. and Mrs. Tom Bradley, the Misses Florene Groenier, Zora Carney, Edith Brown and Oscar Newhouse.

The new club rooms of the Elks lodge were formally opened with the most brilliant social function of the season, Tuesday evening, when one hundred and fifty couples were entertained at dancing. Music was provided by a six-piece orchestra and singer from Franklin college.

Many compliments were paid the club by the guests for the improvement which has been made. The decorations and the appointments in the dining room, ladies rooms and ball room were the source of much praise.

During the evening refreshments were served in the dining room on the second floor of the new addition.

Many guests of the lodge living both in and outside of Rush County, were present for the opening, including the Misses Martha Miller and Pauline Feltz of Connersville, Miss Mary Louise Bliss of Los Angeles, California, Mrs. J. Gould Drum of Miles City, Mont., Alex Levenstein of Greensburg, Russell Bell of Howe military academy, Dwight VanOsdol, who has been with a group of entertainers on the lyceum platform this winter, and a number of others from a distance.

The other dances and card parties to be given during the winter will be exclusively for Elks and their families, invitations being issued to Rush county people for the first function only to give them an opportunity to inspect the new club rooms.

FIRE DAMAGES RESIDENCE

Loss to James Cohee's Home is Estimated at \$50

Fire did damage estimated at \$50 at the residence of James Cohee, 526 North Sexton street, Tuesday afternoon about five o'clock, when a clothes rack fell over on a stove, destroying clothes, bed clothing and another suit of clothes. The fire department was called, but the fire was quickly subdued with several buckets of water, only after the damage had resulted to the garments.

The members of the family were at home at the time, or the fire would probably have gained considerable headway. The alarm was telephoned into fire headquarters.

MRS. STOKEL STILL HAS FAITH IN HER HUSBAND

Arrives From New York to be at Bedside of Man Shot While Entering Dentist's Office

IS A JEWELRY BUYER, HE SAYS

Princeton, Ind., Dec. 21—Her faith shaken but not shattered, Mrs. P. A. Stokel, sat at the bedside of her wounded husband today hoping almost against hope that he would be proven innocent of robbery charges.

The girl wife of the man whom Dr. J. K. Cunningham shot about 6 o'clock Monday morning in his office arrived here last night from her New York home. She carried a magazine and in it was the picture of their little daughter.

She didn't believe that her husband had tried to force his way into Dr. Cunningham's office to steal valuable dental supplies and instruments. Nor would she believe he had stolen other dental supplies found in his baggage which Dr. C. D. Smith identified as loot taken from his office in Columbus, Ind., Saturday night.

Mrs. Stokel appeared to be refined and looked as though she had been dropped out of a luxurious home into the hospital here where her husband lies with two bullet holes through his breast.

With a stenographer nearby, Stokel reaffirmed his wife's implicit faith that he was a respectable buyer for a jewelry firm. He told her he was shot when he tried to enter Dr. Cunningham's office and obtain cocaine with which to relieve an aching tooth when it became apparent no dental aid was available.

AN OASIS SEEN IN THE PROHIBITION DESERT

Friends of Liberal Interpretation of Volstead Law Encouraged by Mellon's Attitude

FAVORS BEER, LIGHT WINES

Believes Revenue Could be Met in This Way to Pay Bonus For Former Soldiers

By JAMES T. KOLBER.

(By United Press) Washington, Dec. 21—An "oasis" the dries call it a mirage—was making itself visible in the prohibition desert today.

Friends of a liberal interpretation of the prohibition act were encouraged by the statement of Secretary Mellon that he favored an amendment to the Volstead act which would permit the sale of light wines and beer as a means of meeting soldier bonus demands.

Mellon stated that he had a letter from Chairman Fordney of the House ways and means committee asking the amount of revenue a high tax on the free and unrestricted sale of light wines and beer would yield. The treasury actuary is now working on the figure. A preliminary estimate places the sum at approximately \$500,000,000 which would meet some of the bonus demands.

Fordney refused to comment on Mellon's statement. Mellon, however, stated that certain congressmen want the administration to come out strongly in favor of a proposal to pay the war veterans a bonus out of revenues derived from a high tax on light wines and beer. Mellon made it clear that he will not oppose such an amendment to the Volstead act.

Many so-called dry congressmen who are ardent soldier bonus advocates could be weaned from the dry fold, liberal followers hold.

Legal experts are now at work on a new set of prohibition rules and regulations designed to lift the restrictions on doctors, hospitals, druggists and medical societies.

FIGHT ON QUADRUPLE PACT IS ORGANIZED

Democratic and Republican Foes of Agreement Preparing to Make Fight in Congress

ORGANIZING THE STATES

Washington, Dec. 21—Organization of a nation-wide fight against the four power Pacific treaty is under way by both the Democratic and Republican foes of the pact.

These steps are being taken to perfect an organization even more effective than which in practically every state lent aid to the irreconcilable Senators in their battle against the Versailles pact:

1—Anti-Japanese sentiment on the Pacific coast is being made the nucleus for anti-treaty organization there.

2—A woman organizer has been engaged to organize women's clubs in the middle west and northwest against the treaty.

3—Comprehensive plans for forming anti-treaty clubs and holding anti-treaty mass meetings are being sent everywhere where indications show anti-treaty sentiment.

4—Democratic political units are being urged to sight the treaty on the theory that if the Republicans could sweep the nation by 7,000,000 on an anti-league platform, the Democrats ought to be able to sweep it in the congressional election by opposing something they hold the country will find more obnoxious than the League.

Bright Spots in News

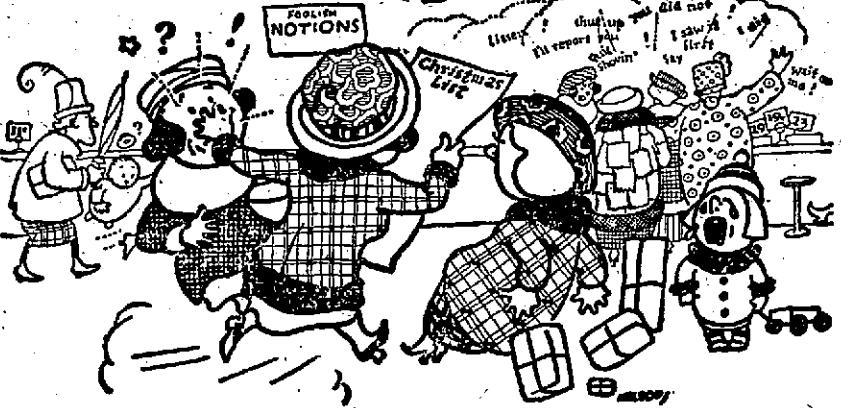

Chicago—Miss Stella Donahue didn't utter a peep when a bandit took two rings from her but when the bold man tried to steal a kiss Stella yelled so loud that the whole neighborhood flocked to the scene.

Wall Street New York—Bank messengers who carry millions in securities are donning armor. Hereafter they travel in tanks with loop holes for gun play.

St. Louis—W. H. Lee told a patrolman who found "likker" on him, that he was a dry agent. The officer asked Lee to show his credentials. He failed to produce any. Volstead law violated again.

COMMUNITY HALLS ARE BECOMING WIDESPREAD

Agitation for Community Centers Bring Out Projects in Several Northern Indiana Towns

PUBLIC SUBSCRIPTION IDEA

(By United Press)

Goshen, Ind., Dec. 20.—The community building idea, particularly with a view of providing a place for athletic contests during the winter months, is spreading over northern Indiana.

At Warsaw a stock company has been formed, nearly \$5,000 already has been raised, with the goal \$15,000 more and construction work has begun on such a building on property owned by the city. The building will be used for basketball, indoor baseball, public gatherings and possibly as a drill hall for a state militia company recently formed here.

At Mentone, where funds were contributed by business and professional men, a building has been leased and remodeled for a community hall.

New Paris residents have contributed \$1200 and it is hoped to raise a total of \$1500 for a community building. Ground already is being cleared for the structure.

All makes of disc records are played perfectly by Sonora.

All graduation of volume, from the softest strain for an audience close at hand to the powerful swell for a large concert hall, can be had on Sonora without the slightest impairment of clarity and beauty of tone. A tone modifier which controls at the source instead of the exit, accomplishes this.

Rewinding after every other record is unnecessary on Sonora. An extra long-running motor plays from 15 to 45 minutes (according to the model) at a single winding. There is no pounding or thumping with a Sonora motor. It runs with the silence and reliability of a delicate jewel-movement watch.

Metallic harshness and "blurring" of tone is never heard on a Sonora. Its vibrating tone passage, especially designed by scientific, patented process, prevents this. The mellowness of wood and the exclusive features of construction produce a tone as warm and rich and vibrantly alive as the original.

You have only to hear the Sonora tone once to understand why a competent jury of experts at the Panama-Pacific exposition awarded highest score for tone to the Sonora phonograph. It is the master of phonographic music.

Blames Jazz Music

Chicago, Dec. 21—Jazz music is why girls go wrong the Rev. Phillip Yarrow, head of the Illinois Vigilance Association, charged today.

"From the dance palaces of Chicago," said the Rev. Yarrow, "from the dance rooms in country towns come girls whose entrance into the life of moral subnormality was accompanied by the sex exciting music of the jazz orchestra."

The minister said his association in the last year had traced the downfall of 1,000 girls to jazz music.

"Feeble minded morality of the first result of the weird, neurotic

strains of the so-called jazz orchestra," he said.

"Mid the distracting notes of the saxophone and the weird beat of the tom-tom conduct was witnessed not hitherto seen outside of the old levee district."

A NEW TAX FREE INVESTMENT

The New Revenue Bill just passed by the Congress provides:

"The following item shall be exempt from taxation: So much of the amount received by an individual after December 31st, 1921, and before January 1st, 1927, as dividends and interest from domestic building and loan associations operated exclusively for the purpose of making loans to members as does not exceed \$300.00."

The Government is trying to help the housing situation, which is acute all over the country and in Rushville as well, by making dividends or interest exempt from the normal tax. This provision has never existed in any of the previous bills. You had better drop in our office and inquire further in this connection. All amounts to your credit on December 31st, begin to draw 6 per cent, not 3 per cent or less, on January 1st, 1922.

Prohibition Gets Blame For Poor Yuletide Turkey Business

Public Consumes About One Half as Many Fowls During One Half of One Percent Holidays of Present, as in Old Damp Days, When Saloons Put Many on The Market, Says Commission Experts. Days of Spinning the Wheel For Turkeys Also Are Passed

Chicago, Dec. 21—Prohibition has put a serious crimp in the yuletide turkey business, commission merchants wailed today.

The public consumes only about half as many fowls during the one half of one percent holidays of present as it did in the damp Christmas seasons of yore.

Back in the days of the corner saloon, in some circles a man was not considered a good citizen if he didn't cart several turkeys geese or ducks home to the 'il missus'.

That was when barnyard melodies were mingled with the welcome words, "bottoms up; have another, boys" and when numbered paddles

were passed out at ten cents a copy. The wheel was spun. The winner picked out his bird and bought more paddles and won more birds.

"Tough saloons for tender birds" was the motto then.

William K. Henderson, veteran commission merchant, attests that business is poor these days.

"We used to back up at the family entrance" of a saloon and dispose of our whole supply", said Henderson. "Now we have to sit around on market and wait for customers to buy 'em, one by one and little ones at that."

"Back in the saloon days, many a man was 'poured' into his kitchen with a flock of geese and turkeys—enough to last several weeks or a fair start in the poultry business".

Chicago—"We don't like this joint" shouted three men who visited Wind Blew Inn, Chicago edition of Greenwich Village. They threw books of free verse, dishes, and guist drawings out into the street and left.

Wise baseball men, including nearly every major league manager, doubt that it was a good deal for the Giants, while agreeing that it was a smart move by Garry Herrmann.

Today the Giants do not look as good for the pennant as they did this time last fall, when most of the critics picked them to be the 1921 champions.

Groh will not strengthen the team where it needs strength and he was acquired at the cost of George Burns, whose departure was bitterly resented and criticized by the New York fans.

The Giants have Groh and Frisch must move over to second base, a shift that forces Johnny Rawlings to the bench. After watching the brilliant work of little Rawlings in the world's series and during the pennant race, it is doubtful if the Giant infield will be any stronger. Frisch can play third base just as good as Groh and the Fordham Flash cannot be a whole lot better than Rawlings at second.

McGraw will have to depend upon Bill Cunningham, Ed Brown and Shinners, a rookie, to take the place of Burns in centerfield. And that is going to be some job to ask of anyone! Burns is getting on and all that but he could grab in a lot of flies on crutches because he has the instinct of a speaker in knowing where to camp for them.

McGraw could use a good pitcher to more advantage than a star third baseman. If he has enough watchmen to keep with him, Phil Douglas may have another good year. Toney is an uncertain quantity and Jess Barnes isn't a sure bet. Nehf seems to be jinxed with the team and Bill Ryan is only a youngster.

Groh hasn't more than three or four seasons ahead of him and he has a peculiar disposition that isn't conducive to morale on a club. Since he finds himself the highest priced player in baseball, even the iron-hand of McGraw may have a task in keeping him down.

The Giants stand today with an uncertain outfield instead of one of the best in baseball before it was broken up. The club has a wonderful infield, just a few points better than last year, however, and with the same batteries that went through the last season.

The effect of Tanlac on the delicate stomachs of the young is one of the strongest evidences of its wholesomeness as well as its unusual merit. Although a powerful reconstructive, Tanlac contains no harmful ingredients, minerals or opiums which are so often found in other medicines. Being composed of the most beneficial roots and herbs known to science it is purely vegetable, and can be taken by the most delicate children, and does not upset or injure the weakest or most delicate stomach.

Richard Leary, 2342 Palethorpe St., Philadelphia, said: "There is no doubt in my mind but that Tanlac saved my little boy's life. For two years I wouldn't have been a bit

That Tanlac is a wonderful medicine for delicate children is conclusively proven by the remarkable results accomplished in the cases of the three children shown in this picture.

Little Blanche Blair, of Providence, R. I., age 13, gained 10 pounds; Regina McCabe, at right, age 9, of Scranton, Pa., gained 15 pounds; little Richard Leary, Jr., of Philadelphia, who was very delicate, is now in fine, robust health. The statements made by their parents are as follows:

Mr. A. M. Blair, residing at 20 Atwood street, Providence, R. I., said: "We are just so happy over the change Tanlac has made in our little girl that we can't do or say enough to show our appreciation. She had lost nearly 20 pounds in weight and looked so frail and weak that her mother and I were both almost worried sick over her condition. Since taking Tanlac, she has already gained 10 pounds, her color is better than it ever has been and she looks and acts like a different girl."

Mrs. Catherine McCabe, 414 Dickens Ave., Scranton, Pa., said: "The 'flu' left my little Regina in such a bad condition that I have no idea she would be with me now if it hadn't been for Tanlac. It is a mystery to me how she lived on the little she was eating and was so lifeless she never even cared to play with the dolls and toys she got at Christmas. Since taking Tanlac she is as hardy and well as any child could be and has gained 15 pounds in weight. I will always praise Tanlac for restoring our little girl's health."

Richard Leary, 2342 Palethorpe St., Philadelphia, said: "There is no doubt in my mind but that Tanlac

saved my little boy's life. For two years I wouldn't have been a bit

surprised to have seen him drop off at any time. He had stomach trouble and many a time the gas pressed up into his chest until his heart palpitated so I thought sure he couldn't breathe but a few more gasps. But Tanlac gave him back to us strong and well and we will praise it to our dying day."

The effect of Tanlac on the delicate stomachs of the young is one of the strongest evidences of its wholesomeness as well as its unusual merit. Although a powerful reconstructive, Tanlac contains no harmful ingredients, minerals or opiums which are so often found in other medicines. Being composed of the most beneficial roots and herbs known to science it is purely vegetable, and can be taken by the most delicate children, and does not upset or injure the weakest or most delicate stomach.

Tanlac is sold in Rushville by F. B. Johnson Drug Co., and by leading druggists everywhere. Advertisement.

GROH DEAL LACKS FAVOR WITH FANS

New York Baseball Followers Think McGraw Made Mistake in Switching Players for Groh

Giants Lost Good Man in Deal And Rawlings Will Have a Bench Job During Next Season

By HENRY L. FARREL (U. P. Staff Correspondent)

New York, Dec. 21—John McGraw did not buy the 1921 National League pennant for the New York Giants when he turned over \$150,000 in cash and players for Heinie Groh.

Wise baseball men, including nearly every major league manager, doubt that it was a good deal for the Giants, while agreeing that it was a smart move by Garry Herrmann.

Today the Giants do not look as good for the pennant as they did this time last fall, when most of the critics picked them to be the 1921 champions.

Groh will not strengthen the team where it needs strength and he was acquired at the cost of George Burns, whose departure was bitterly resented and criticized by the New York fans.

The Giants have Groh and Frisch must move over to second base, a shift that forces Johnny Rawlings to the bench. After watching the brilliant work of little Rawlings in the world's series and during the pennant race, it is doubtful if the Giant infield will be any stronger. Frisch can play third base just as good as Groh and the Fordham Flash cannot be a whole lot better than Rawlings at second.

McGraw will have to depend upon Bill Cunningham, Ed Brown and Shinners, a rookie, to take the place of Burns in centerfield. And that is going to be some job to ask of anyone! Burns is getting on and all that but he could grab in a lot of flies on crutches because he has the instinct of a speaker in knowing where to camp for them.

McGraw could use a good pitcher to more advantage than a star third baseman. If he has enough watchmen to keep with him, Phil Douglas may have another good year. Toney is an uncertain quantity and Jess Barnes isn't a sure bet. Nehf seems to be jinxed with the team and Bill Ryan is only a youngster.

Groh hasn't more than three or four seasons ahead of him and he has a peculiar disposition that isn't conducive to morale on a club. Since he finds himself the highest priced player in baseball, even the iron-hand of McGraw may have a task in keeping him down.

The Giants stand today with an uncertain outfield instead of one of the best in baseball before it was broken up. The club has a wonderful infield, just a few points better than last year, however, and with the same batteries that went through the last season.

The purchase of Groh may be brundized as buying the pennant, but New Yorkers are not looking on it as anything but a doubtful and dangerous experiment for McGraw.

"IN THE PUBLIC EYE"
By Howard Allen

AMUSEMENTS

"Marooned Hearts"—Princess

A new star makes his stellar debut in "Marooned Hearts", the new National Picture which will be shown today and Thursday at the Princess.

Mr. Tearle appears in a most sympathetic role, that of Paul Carrington, a young doctor, whose entire career, it appears, is to be sacrificed to satisfy a capricious woman's whim. Mr. Tearle does not make his Paul Carrington a moonstruck and over-despondent weakling, but portrays him as a strong man who has been sadly hurt and who in an effort to forget, takes the best and noblest course—namely, by plunging himself into hard work that will be of lasting benefit to humanity.

"The woman in the case" is ably depicted by Zena Keefe, and to this capable young actress must go honors almost equal to the star's. While the action of the story calls for the two to meet again on the South Sea island, this situation is developed and handled in a manner so refreshingly new as to make it most interesting. The production as a whole has been elaborately staged and without apparent regard to expense.

Shirley Mason at the Mystic

Shirley Mason, a well known liked motion picture actress by movie fans in Rushville, will be seen to-night at the Mystic in the Fox Production, "Ever Since Eve".

The story, by Joseph Ernest Peat, is clever in conception and execution; the star never has been seen here to greater advantage, and the picture is staged with skill and fine taste.

"Ever Since Eve," adapted from "Concerning Chichine"—the title used for magazine publication—deals with the adoption, by a wealthy American artist, of an orphan girl befriended by his aunt being educated at a school in Paris. With her graduation and journey to the United States the live action of the story begins, revolving about romantic incidents and frequent appearance on the serene of a "mysterious stranger". The interest aroused by this stranger—who figures negatively rather than positively in the story's progress—is successfully maintained to the final climax, when all mystery is dispelled through the medium of a situation at once dramatic and amusing.

This picture is fine entertainment and Miss Mason is supported by a company of marked excellence.

"The Midnight Rounders"

Theater-goers of this community are assured a worth while visit to Indianapolis next week if they are contemplating an afternoon or evening

at the theatre. Beginning with special matinee Monday, the 26th at 2:30, the Shubert-Murat will offer one of the most momentous events of the present season as its Christmas week attraction. This will be the visit of Mr. Eddie Cantor, foremost of America's singing, black and white face comedians who appears at the head of a stupendous and gorgeous musical revue called "The Midnight Rounders".

Mr. Cantor and a star cast of over a hundred people has been appearing in "The Midnight Rounders" for the last year, it having been originally produced with great success at the famous Century Theatre in New York City. For many weeks it packed this huge playhouse to the doors, eventually repeating its New York triumph in Philadelphia, Boston and Chicago. From the last named city it comes almost direct to Indianapolis with cast and production intact.

"The Midnight Rounders" is in two colossal acts and 28 gorgeous scenes. Harold Atteridge writer of the majority of the big New York winter Garden productions is author of the book. The lyrics are by Al Bryan and the music by Jean Schwartz. It was staged by Lew Morton, the dances being arranged by Jack Mason, and the entire production being made under the personal supervision of Mr. J. J. Shubert, himself.

Eddie Cantor, the star, is probably one of the most popular and greatly admired of all the black faced comedians in this country.

For several years he was a featured star with the "Ziegfeld Follies", later was with George White's Scandals and other similar attractions.

He is noted for the way he sings serious and comic songs, possessing a wonderfully sympathetic voice and a personality all his own. He is one of the most vivacious and "peppy" little fellows on the stage today and has thousands of admirers all over the country.

For the first time in his career Mr. Cantor will appear in both white and black face, and in the latter he is said to have proven just as entertaining and amusing as in the former. He will sing 15 or more song numbers during the course of the show. Mr. Cantor is assisted by Nan Halperin, Harry Kelley, Lew Hearn, Joe Opp and many other noted stars and a beauty chorus of 50 or more girls in "The Midnight Rounders".
